Save the USA Andrew Bayuk (http://andrewsongs.net) VERSE 1 \mathbf{E} Save us from hypocrisy. Save us from the lies. Save our homes from foreclosing. Stop treating us like spies. Save our jobs from leaving. Bring back "Made In USA". Represent the ones who made you, not the ones that pave your way. VERSE 2 Save us from your pay raise while our own wages do fall. Save us from the price of gas while giving gifts to oil Save us from your gridlock, and to constantly relent. You're still on our time clock, so you might start represent. **CHORUS** Bm Save the USA, it's drowning in graft and lies. Save the USA and resume the ties that bind. Stop taking all our money and shipping it offshore. Do the job that you're elected for. VERSE 3 All it takes to change your ways Is reminding what you're for. Stop crapping where you eat, and start sweeping up the floor of the ones you claim to represent whose fates you realize. If you're here to serve the public then its time to stop the lies. If you're here to represent us, listen to our cries. **CHORUS** Bm Save the USA, it's drowning in graft and lies. Save the USA and resume the ties that bind. Stop taking all our money and shipping it to war. Do the job that you're elected for. (JAM E7) **BRIDGE** What will all your friends think if you finally do it right? Will they think you've lost your sanity? Or a screw's loose in your mind? Or might they finally remember what a politicians for? To help the ones they represent and stop acting like a whore **CHORUS** Bm Save the USA, it's drowning in greed and lies. Save the USA and resume the ties that bind. Stop taking all our money and ripping off the poor ΑE \mathbf{E} E AE Bm
